

Robert A. Kirchmeier
Managing Director, Business Development
RWH Myers LLC

Bob Kirchmeier is RWH Myers' Managing Director, Business Development and has overall responsibility for our growth and customer relationships.

A mechanical engineer by degree he started his career as a Factory Mutual property loss control engineer. He advanced to senior account engineering positions and ultimately establishing a sales career with Arkwright Mutual (now FM Global). He was regional sales manager in their Metro Region and sales director for the chemical and pharmaceutical business unit. He has extensive knowledge of property risk exposures for forest products, chemical and pharmaceutical, basic metals production, technology firms and their loss accounting issues.

Bob has spent the past 14 years with business interruption and property damage loss accounting firms.
